Your world: tight deadlines, meetings, an impossible schedule and a shrinking budget. The last thing you need is to worry about your refractory contractor.

That's where we come in.

NORRIS & SON, INC
REFRACTORY SALES & SERVICE

Services We Provide:

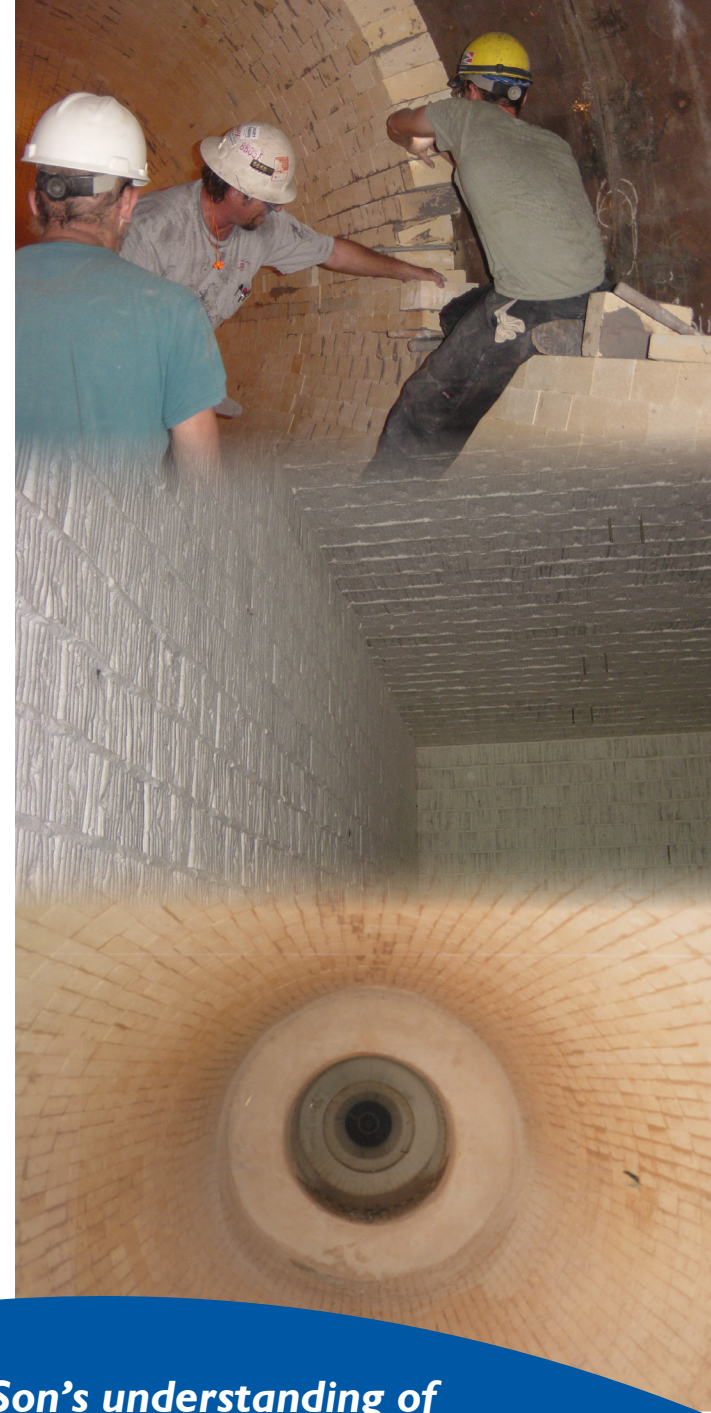

- Shotcrete
- Gunnite
- Conventional Casting of Refractory
- Conventional Firebrick Installation
- Kiln Brick Installation
- Ceramic Fiber Blanket & Module Installation
- Hot Pumpable Insulation Repairs
- Refractory Anchor Installation
- Lagging and Insulation
- Hot Furnace & Kiln Dam Repairs
- Plastic Ram Installation
- Refractory Tile Installation
- Standard Power Boiler Refractory Maintenance
- Standard Recovery Boiler Refractory Maintenance
- Electric & Submerged Arc Furnace Maintenance
- Cupolas
- Acid Brick & Tile

**Where the changing world
of *industry* meets *stability*.**

The environment of heat intensive industry is changing. **Norris & Son, Inc.** is there to meet that challenge. **New innovations must be built on a solid foundation of sound industry principles, yet innovation must be applied to lead in the changing industry. That's where we come in. With technical expertise, knowledge and years of experience, we have solutions, not guesses.**

A pillar in the refractory industry. A leader into the future of energy.

- 🕒 **Biomass:** From bubbling fluidized bed boilers to gasification units to experimental processes in manufacturing, Norris & Son, Inc. has been in the lead.
- 🕒 **Pulp and Paper:** Let's face it: your margins are tight and your schedules are tighter. Norris & Son, Inc. understands the demanding requirements of a successful mill shutdown, and we work hand-in-hand with you and your other contractors to make sure you meet those margins.
- 🕒 **Energy:** Keeping the lights on. Norris & Son, Inc. supports some of the largest energy producers in the Southeast.
- 🕒 **Waste to Energy and Medical Incineration:** Demanding a very specialized knowledge of refractory, we have done the research to make sure our refractory linings are optimized to withstand these hostile environments.
- 🕒 **Safety:** We have made a commitment to our community. Norris & Son, Inc. has a comprehensive safety program and lives by the belief that if it needs to be done, it needs to be done safely. Safety is part of our culture.

“Norris & Son’s understanding of the solid principles of refractory integrated seamlessly with the new biomass technologies we are applying them to. We have confidence in their solutions.” - Wendell F.
